

This plan has been updated 26 March. It is intended to give families, coaches etc. an indication of class times and the order of events. It is not intended to make changes in any significant ways, but is dependent on final class numbers after scratchings, and managing clashes with multiple rides. The draw, with the it riders' times, will be published on the 1st April. This will be a draft and will be updated on Friday 4th April allowing time for families to check rider, horse correct class etc.
